

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. THE LEGISLATIVE COUNSEL BUREAU.

This bureau was organized in 1914 under the authority of Chapter 322 of the Laws of 1913. It is, in effect, an instrumentality of the Legislature. Its business is to prepare or assist in the preparation or amendment of legislative bills and to "give such consideration to and service concerning any bill before the Legislature which circumstances will permit, and which is in any way requested by the Governor of the State or the Senate or the Assembly, or any committee of the Legislature having such bills before it for consideration." This, of course, includes investigations and examinations as to constitutionality, etc. The chief of the bureau also acts as aid to legislative committees and it is his duty to "advise as occasion may arise, as to needed revision of the statutes." The bureau is located in room 48, second floor of the Capitol.

The Legislative Digest, being prepared by the Legislative Counsel Bureau, will contain as an appendix all companion bills introduced in the Senate and Assembly and will be ready for distribution February 24, 1921.

STATE LIBRARY LEGISLATIVE REFERENCE SERVICE.

Information on pending legislation and assistance in consulting the laws of other states and countries are given members by the Law and Legislative Reference Department of the California State Library, first floor, Capitol.

Bills and journals of previous sessions of the California Legislature, reports of State departments, the statutes and court reports of other American states, the United States, Great Britain, Canada and Australia and compiled laws on a wide variety of subjects are available for use. The bills of current sessions of the more important state legislatures and the bills, reports, calendars and proceedings of the current session of Congress are also on file.

GENERAL INDEX OF ASSEMBLY BILLS.

Bills amending codes are indexed by subject under each code, and also in their proper alphabetical places in the General Index. In addition, immediately following this General Index are the four code amendment indexes which give the different sections in numerical order and the number of each bill referring to each section. Resolutions and constitutional amendments are indexed in the main index; but separate indexes are also given at the end of this index.

Compiled and corrected by Jerome B. Kavanaugh, Chief Clerk.

ABBREVIATIONS.

Civil Code	C. C.
Code of Civil Procedure	C. C. P.
Concurrent Resolution	C. R.
Constitution	Con.
Constitutional Amendment	C. A.
Joint Resolution	J. R.
Penal Code	Pen. C.
Political Code	Pol. C.

Wherever an abbreviation of the name of a code appears followed by a section number, the word "section" or abbreviation "Sec." is omitted as being understood and therefore unnecessary of repetition.

For example: C. C. 1202 is to be read as Civil Code, section 1202; or, C. C. P. 2056 is Code of Civil Procedure, section 2056.
